

ENVIRONMENTAL POLICY

The New Hope Group is committed to environmentally responsible and effective business practices.

Within our business we will:

- integrate environmental management practices into our cultural values;
- understand, assess and manage potential environmental risks and seek opportunities for environmental benefits;
- promote full life-cycle resource efficiency by reducing energy consumption, pollution and waste generation and by promoting resource reuse, recovery and recycling;
- maintain and where reasonable enhance ecological values;
- proactively engage with key stakeholders;
- meet our compliance obligations;
- share environmental knowledge for continual improvement.

A handwritten signature in black ink, appearing to read "Shane Stephan". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Shane Stephan
Managing Director
