

TABLE OF CONTENTS

VOLUME 1 – ENVIRONMENTAL IMPACT STATEMENT

ABBREVIATIONS

GLOSSARY

EXECUTIVE SUMMARY

1.0	INTRODUCTION	1-1
1.1	PROJECT PROPONENT	1-1
1.2	PROJECT DESCRIPTION.....	1-2
1.2.1	Environmental Studies.....	1-7
1.3	PROJECT OBJECTIVES AND SCOPE.....	1-8
1.3.1	Scope.....	1-8
1.3.1.1	Other Developments in the Region	1-8
1.3.1.2	Interrelated Developments	1-10
1.3.2	Objectives	1-10
1.4	THE ENVIRONMENTAL IMPACT STATEMENT (EIS) PROCESS.....	1-13
1.4.1	Methodology of the Environmental Impact Statement.....	1-13
1.4.2	Objectives of the Environmental Impact Statement.....	1-16
1.4.3	Structure of the Environmental Impact Statement.....	1-16
1.4.4	Submissions.....	1-17
1.5	PUBLIC CONSULTATION PROCESS	1-19
1.6	PROJECT APPROVALS.....	1-20
1.6.1	Land Tenure.....	1-20
1.6.2	Relevant Legislation and Policy Requirements	1-20
1.6.2.1	Environment Protection and Biodiversity Conservation Act 1999.....	1-22
1.6.2.2	Native Title Act 1993	1-23
1.6.2.3	National Greenhouse and Energy Reporting Act 2007	1-23
1.6.2.4	Aboriginal and Torres Strait Island Heritage Protection Act 1984	1-24
1.6.2.5	Environmental Protection Act 1994 and Environmental Protection and Other Legislation Amendments Act 2000.....	1-24
1.6.2.6	Environmental Protection Regulation 2008	1-25
1.6.2.7	Environmental Protection (Air) Policy 2008.....	1-26
1.6.2.8	Environmental Protection (Noise) Policy 2008	1-26
1.6.2.9	Environmental Protection (Water) Policy 2009.....	1-27
1.6.2.10	Environmental Protection (Waste Management) Regulation 2000	1-27
1.6.2.11	Queensland Biodiversity Offset Policy 2011.....	1-27
1.6.2.12	Mineral Resources Act 1989	1-27
1.6.2.13	Electricity Act 1994.....	1-28
1.6.2.14	Electricity Regulation 2006.....	1-28
1.6.2.15	Water Act 2000	1-28
1.6.2.16	Water Resource (Fitzroy Basin) Plan 2011	1-28
1.6.2.17	Nature Conservation Act 1992 and Subordinate regulations.....	1-29
1.6.2.18	Vegetation Management Act 1999	1-30
1.6.2.19	Land Protection (Pest and Stock Route Management) Act 2002	1-30
1.6.2.20	Petroleum and Gas (Production and Safety) Act 2004.....	1-30
1.6.2.21	Aboriginal Cultural Heritage Act 2003	1-30
1.6.2.22	Forestry Act 1959.....	1-31
1.6.2.23	Strategic Cropping Land Act 2011	1-32
1.6.2.24	Land Act 1994.....	1-32
1.6.2.25	Transport Infrastructure Act 1994.....	1-32
1.6.2.26	Explosives Act 1999.....	1-33
1.6.2.27	Queensland Heritage Act 1992	1-33
1.6.2.28	Fisheries Act 1994	1-33

1.6.2.29	Sustainable Planning Act 2009	1-33
1.6.2.30	Building Act 1975	1-34
1.6.3	Planning Processes and Standards	1-34
1.6.3.1	State Planning Policies.....	1-34
1.6.3.2	Western Downs Regional Council.....	1-35
1.6.3.3	Taroom Shire	1-35
1.6.3.4	Codes, Standards and Guidelines.....	1-37
1.7	ACCREDITED PROCESS FOR CONTROLLED ACTIONS UNDER COMMONWEALTH LEGISLATION.....	1-39
2.0	PROJECT NEEDS AND ALTERNATIVES	2-1
2.1	PROJECT JUSTIFICATION	2-1
2.2	ALTERNATIVES TO THE PROJECT	2-2
2.2.1	Do Nothing.....	2-2
2.2.2	Alternative Land Uses for the Project	2-2
2.2.2.1	Cattle Grazing	2-2
2.3	ALTERNATIVES WITHIN THE PROJECT	2-3
2.3.1	Mining and Production	2-4
2.3.1.1	Extraction	2-4
2.3.1.2	Processing	2-5
2.3.2	Product Handling	2-5
2.3.2.1	Rail Infrastructure.....	2-5
2.3.2.2	Port Facilities.....	2-8
2.3.3	Spoil Dumps.....	2-8
2.3.4	Tailings Storage Facility.....	2-8
2.3.5	Mine Infrastructure Area	2-9
2.3.6	Creek Diversion	2-10
2.3.7	Workforce and Accommodation.....	2-11
2.3.8	Water Supply	2-12
2.3.9	Power Supply.....	2-12
3.0	DESCRIPTION OF THE PROJECT	3-1
3.1	LOCATION	3-2
3.1.1	Regional Context	3-2
3.1.2	Local Context.....	3-4
3.1.2.1	Land Tenures.....	3-6
3.1.2.2	Proposed Project Infrastructure Footprint.....	3-9
3.2	CONSTRUCTION.....	3-11
3.2.1	Plant, Equipment and Bulk Materials.....	3-11
3.2.1.1	West Surat Link Plant and Equipment.....	3-12
3.2.2	Civil and Earthworks	3-13
3.2.2.1	West Surat Link Earthworks	3-14
3.2.3	Creek Diversion	3-17
3.2.4	Road Diversion & Construction.....	3-19
3.2.4.1	Mine Roads.....	3-19
3.2.4.2	Public Roads.....	3-20
3.2.5	Construction Workforce	3-25
3.2.6	Construction Accommodation.....	3-28
3.2.7	Coal Handling & Preparation Plant.....	3-28
3.2.8	Mine Infrastructure Area	3-29
3.2.8.1	Administration Building and Bathhouse Facility.....	3-33
3.2.8.2	HME Workshop	3-33
3.2.8.3	Drum Store.....	3-33
3.2.8.4	Emergency Vehicle Shed.....	3-33
3.2.8.5	Fire Training Area	3-33

3.2.8.6	Bus Shelters and Pathways	3-33
3.2.8.7	Fuel and Oil Facility	3-34
3.2.8.8	Vehicle Wash Facilities	3-34
3.2.9	Communications	3-35
3.2.10	West Surat Link Rail and Services Corridor	3-35
3.2.10.1	Track	3-39
3.2.10.2	Creek Crossings	3-39
3.2.10.3	Fencing	3-42
3.2.10.4	West Surat Link Signalling and Communications	3-43
3.3	OPERATIONS	3-45
3.3.1	Tenements and Tenures	3-45
3.3.1.1	Mining Tenements and Tenures	3-45
3.3.1.2	Petroleum Tenements	3-48
3.3.1.3	Tenure Acquisition	3-51
3.3.2	Resource Base and Mine Life	3-54
3.3.3	Mining Methods and Equipment	3-61
3.3.4	Mine Sequencing	3-61
3.3.4.1	Mine Commencement	3-64
3.3.4.2	Stage Plans	3-67
3.3.5	Horse Creek Diversion	3-78
3.3.5.1	Stage One – Permanent Northwest Diversion	3-83
3.3.5.2	Stage Two – Temporary Upstream Diversion	3-83
3.3.5.3	Stage Three and Four Diversion	3-84
3.3.6	Workforce	3-89
3.3.6.1	Workforce Numbers	3-89
3.3.6.2	Employment Strategy	3-92
3.3.6.3	Accommodation	3-92
3.3.7	Processing and Products	3-93
3.3.7.1	Processing	3-93
3.3.7.2	ROM Stockpile and Sizing	3-96
3.3.7.3	Coal Preparation	3-98
3.3.7.4	Rejects Handling	3-100
3.3.7.5	Products	3-103
3.3.8	Ongoing evaluation and exploration activities	3-107
3.4	PRODUCT HANDLING	3-107
3.5	INFRASTRUCTURE REQUIREMENTS	3-110
3.5.1	Transport	3-110
3.5.1.1	Construction Period	3-115
3.5.1.2	Production Period	3-115
3.5.2	Energy	3-116
3.5.2.1	Construction Power	3-116
3.5.2.2	Permanent Power	3-118
3.5.2.3	Energy Conservation and Greenhouse Gas Management	3-121
3.5.3	Water supply and storage	3-122
3.5.3.1	Construction Water Usage	3-122
3.5.3.2	Operational Water Usage	3-123
3.5.3.3	Water Supply	3-134
3.5.3.4	Water Storage	3-135
3.5.3.5	Water Discharge	3-152
3.5.3.6	Water Management Strategy	3-154
3.5.3.7	Approvals	3-155
3.5.4	Stormwater drainage	3-157
3.5.4.1	Construction Stormwater Infrastructure	3-157
3.5.4.2	Permanent Stormwater Infrastructure	3-157
3.5.5	Sewerage	3-164
3.5.5.1	Construction Sewerage Facilities	3-164
3.5.5.2	Permanent Sewerage Facilities	3-164
3.5.6	Telecommunications	3-165
3.5.6.1	Construction Communications	3-166
3.5.7	Accommodation and Other Infrastructure	3-167
3.5.7.1	Accommodation Village	3-167

3.5.7.2	Fuel and Oil Storage	3-168
3.5.7.3	Heavy Mining Equipment Workshop	3-168
3.5.7.4	Other Infrastructure	3-169
3.6	WASTE MANAGEMENT.....	3-170
3.6.1	Characteristics of Waste Materials	3-170
3.6.1.1	Construction and Commissioning Phase.....	3-170
3.6.1.2	Operational Waste	3-171
3.6.1.3	Decommissioning Waste.....	3-174
3.6.2	Air emissions.....	3-175
3.6.2.1	Particular Matter emissions.....	3-175
3.6.2.2	Greenhouse Gas Emissions.....	3-176
3.6.3	Excavated waste.....	3-177
3.6.3.1	Volume of Excavated Waste	3-177
3.6.3.2	Waste Mining Methodology and Disposal	3-178
3.6.3.3	Chemical and Physical Properties of Materials to be Excavated as Waste.....	3-179
3.6.4	Tailings or fine rejects.....	3-189
3.6.4.1	Methods and Materials Producing Tailings.....	3-189
3.6.4.2	Compliance with Tailings Management Guidelines.....	3-189
3.6.4.3	Likely Physical and Chemical Characteristics of Tailings and Tailings Water	3-191
3.6.4.4	Proposed Locations and Staging of Tailings Storage.....	3-193
3.6.4.5	Proposed TSF Design, Construction and Staging.....	3-194
3.6.4.6	Tailings Disposal Strategy – TSF Cycling	3-195
3.6.4.7	Risk Assessment of Proposed Tailings Storage.....	3-197
3.6.4.8	Proposed Tailings Discharge Locations and Conditions, Planned or Unplanned.....	3-198
3.6.4.9	Proposed Monitoring of TSFs.....	3-200
3.6.4.10	Proposed Decommissioning of TSFs	3-201
3.6.5	Solid Waste Disposal.....	3-201
3.6.6	Liquid Waste	3-202
3.6.6.1	Vehicle Washdown Water	3-202
3.6.6.2	Dewatering Water From the Pit.....	3-203
3.6.6.3	Sewage	3-203
3.6.6.4	Contaminated Stormwater, Process and Tailings Water.....	3-204
3.7	REHABILITATION AND DECOMMISSIONING	3-205
3.7.1	Rehabilitation Hierarchy.....	3-205
3.7.2	Rehabilitation Goals.....	3-206
3.7.3	Mine Domain Objectives	3-206
3.7.4	Rehabilitation Indicators	3-207
3.7.5	Completion Criteria	3-207
3.7.6	Progressive Rehabilitation Strategy.....	3-216
3.7.7	Post Mining Land Use.....	3-216
3.7.8	Soil Management.....	3-216
3.7.9	Final Rehabilitated Landform of the Elimatta Project	3-217
3.7.10	Rehabilitation Methodology	3-220
3.7.10.1	Decommissioning Workforce.....	3-220
3.7.10.2	Contouring.....	3-220
3.7.10.3	Ripping.....	3-220
3.7.10.4	Topsoil Spreading	3-220
3.7.10.5	Revegetation	3-221
3.7.11	Domain Specific Rehabilitation Techniques	3-221
3.7.11.1	Final Voids	3-221
3.7.11.2	Exploration Areas.....	3-223
3.7.11.3	Infrastructure Areas.....	3-223
3.7.11.4	Waste Disposal	3-225
3.7.11.5	Water Dams	3-227
3.7.11.6	Diversions	3-227
3.7.12	Rehabilitation Monitoring	3-229
3.7.13	Rehabilitation Maintenance	3-230

VOLUME 2 – ENVIRONMENTAL IMPACT STATEMENT

4.0	ENVIRONMENTAL VALUES AND MANAGEMENT OF IMPACTS	4-1
4.1	CLIMATE	4-1
4.1.1	Regional Climate	4-1
4.1.2	Climatic Extremes	4-4
4.1.2.1	Droughts	4-4
4.1.2.2	Flooding	4-5
4.1.2.3	Cyclones	4-5
4.1.2.4	Bushfires	4-6
4.2	LAND	4-8
4.2.1	Description of Environmental Values	4-8
4.2.1.1	Topography / Geomorphology	4-8
4.2.1.2	Geology	4-11
4.2.1.3	Mineral Resources and Ore Reserves	4-18
4.2.1.4	Soils	4-27
4.2.1.5	Land Use, Tenure and Native Title	4-34
4.2.1.6	Land Suitability	4-39
4.2.1.7	Contaminated Land	4-51
4.2.1.8	Infrastructure	4-52
4.2.1.9	Sensitive Environmental Areas	4-55
4.2.1.10	Landscape Character	4-58
4.2.1.11	Visual Amenity	4-58
4.2.2	Potential Impacts and Mitigation Measures	4-72
4.2.2.1	Resource Utilisation	4-73
4.2.2.2	Land Use Suitability	4-75
4.2.2.3	Land Disturbance	4-80
4.2.2.4	Land Degradation or Contamination	4-86
4.2.2.5	Erosion and Stability	4-87
4.2.2.6	Landscape Character	4-96
4.2.2.7	Visual Amenity	4-97
4.2.2.8	Lighting	4-108
4.3	TRANSPORT	4-109
4.3.1	Description of Existing Infrastructure and Values	4-109
4.3.1.1	Leichhardt Highway (Miles to Dululu)	4-113
4.3.1.2	Warrego Highway (Toowoomba to Miles)	4-113
4.3.1.3	Burnett Highway (Biloela to Rockhampton)	4-113
4.3.1.4	Roma-Taroom Road and Jackson-Wandoan Road	4-113
4.3.1.5	Local Road Network	4-113
4.3.1.6	Future Road Network – Traffic Environment (without Elimatta Project)	4-113
4.3.1.7	Future Road Network – Road Improvements	4-123
4.3.1.8	Rail Network	4-123
4.3.1.9	Port Network	4-124
4.3.1.10	Aviation Network	4-124
4.3.1.11	Stock Route Network	4-125
4.3.2	Potential Impacts and Mitigation Measures	4-128
4.3.2.1	Project Transport Logistics	4-128
4.3.2.2	Road Closures and Relocations	4-136
4.3.2.3	Traffic Impact Assessment	4-141
4.3.2.4	Pavement Impact Assessment	4-143
4.3.2.5	Local Road Traffic and Pavement Impacts	4-145
4.3.2.6	Local Road / SCR Network Interchange Impacts	4-147
4.3.2.7	Cumulative Road Impact	4-148
4.3.2.8	Road Safety Impacts	4-150
4.3.2.9	Rail Network Impacts	4-151
4.3.2.10	Port Network Impacts	4-151
4.3.2.11	Aviation Network Impacts	4-151
4.3.2.12	Stock Network Impacts	4-151
4.3.2.13	Mitigation Strategies	4-152
4.4	WASTE	4-155

4.4.1	Description of Environmental Values	4-155
4.4.2	Potential Impacts and Mitigation Measures	4-156
4.4.2.1	Potential Impacts.....	4-156
4.4.2.2	Mitigation Strategies.....	4-157
4.5	WATER RESOURCES	4-169
4.5.1	Description of Environmental Values	4-169
4.5.1.1	Surface Waterways	4-169
4.5.1.2	Groundwater	4-217
4.5.2	Potential Impacts and Mitigation Measures	4-233
4.5.2.1	Potential Impacts on Surface Water and Watercourses	4-233
4.5.2.2	Mitigation Measures for Surface Water and Watercourses	4-258
4.5.2.3	Potential Impacts on Groundwater	4-271
4.5.2.4	Mitigation Measures for Groundwater	4-282
4.6	AIR	4-285
4.6.1	Description of Environmental Values	4-285
4.6.2	Potential Impacts and Mitigation Measures	4-289
4.6.2.1	Air Quality Assessment	4-290
4.6.2.2	Air Quality Mitigation Strategies	4-337
4.6.2.3	Greenhouse Gas Assessment	4-339
4.6.2.4	Greenhouse Gas Mitigation Strategies	4-345
4.6.2.5	Climate Change Adaptation	4-351
4.7	NOISE	4-352
4.7.1	Description of Environmental Values	4-352
4.7.1.1	Background Noise Conditions	4-352
4.7.2	Potential Impacts	4-362
4.7.2.1	Noise and Vibration Criteria	4-362
4.7.2.2	Noise Impact Modelling – MLA Areas	4-364
4.7.2.3	Blast Impact Modelling – MLA Areas	4-391
4.7.2.4	Summary of Modelled Impacts – MLA Areas	4-394
4.7.2.5	Noise Impact Modelling – Rail and Services Corridor Operation	4-394
4.7.2.6	Noise Impact Modelling – Rail and Services Corridor Construction	4-398
4.7.2.7	Summary of Modelled Impacts – Rail and Services Corridor	4-399
4.7.3	Mitigation Measures.....	4-399
4.8	NATURE CONSERVATION	4-401
4.8.1	Description of Environmental Values	4-401
4.8.2	Methodology	4-401
4.8.2.1	Seasonal Variation	4-402
4.8.2.2	Terrestrial Flora Methods	4-403
4.8.2.3	Terrestrial Fauna Methods	4-405
4.8.2.4	Road Corridor Ecology Methods	4-405
4.8.2.5	Aquatic Ecology Methods.....	4-406
4.8.2.6	Stygofauna	4-411
4.8.3	Results	4-412
4.8.3.1	Terrestrial Flora Results	4-412
4.8.3.2	Terrestrial Fauna Results	4-458
4.8.3.3	Aquatic Ecology Results.....	4-468
4.8.3.4	Stygofauna Results	4-477
4.8.4	Potential Impacts on Ecological Values of the Project Site	4-480
4.8.4.1	Potential Impacts on Flora.....	4-480
4.8.4.2	Potential Impacts on Communities of Conservation Significance.....	4-481
4.8.4.3	Potential Impacts on Fauna.....	4-482
4.8.4.4	Potential Impacts on Fauna Species of Conservation Significance.....	4-483
4.8.4.5	Cumulative Impacts on Flora and Fauna.....	4-485
4.8.4.6	Potential Impacts on Aquatic Ecology	4-485
4.8.4.7	Potential Impacts on Stygofauna.....	4-488
4.8.5	Mitigation and Monitoring Measures.....	4-489
4.8.5.1	Mitigation of Potential Terrestrial Flora and Fauna Impacts	4-489
4.8.5.2	Management Strategies for Communities of Conservation Significance	4-492
4.8.5.3	Mitigation of Potential Aquatic Impacts	4-492
4.8.5.4	Downstream Wetland Protection	4-494

4.8.5.5	Management of Introduced Flora and Fauna	4-495
4.8.5.6	Mitigation of Potential Stygofauna Impacts	4-498
4.9	CULTURAL HERITAGE	4-499
4.9.1	Description of Environmental Values	4-499
4.9.1.1	Non-Indigenous Cultural Heritage	4-499
4.9.1.2	Indigenous Cultural Heritage	4-509
4.9.2	Potential Impacts and Mitigation Measures	4-509
4.9.2.1	Non-Indigenous Cultural Heritage	4-509
4.9.2.2	Indigenous Cultural Heritage	4-515
4.10	SOCIAL	4-516
4.10.1	Description of Social and Cultural Values	4-516
4.10.1.1	Local Community	4-517
4.10.1.2	Recreation, Leisure and Culture	4-517
4.10.1.3	Social Order	4-518
4.10.1.4	Community Services and Infrastructure	4-518
4.10.1.5	Indigenous Community Services	4-522
4.10.1.6	Whole Community Demographic Profile	4-522
4.10.1.7	Indigenous Demographic Profile	4-535
4.10.1.8	Housing and Accommodation	4-543
4.10.1.9	Community Consultation Program	4-549
4.10.2	Potential Impacts and Mitigation Measures	4-550
4.10.2.1	Cumulative Impacts	4-550
4.10.2.2	Demographics Impacts	4-551
4.10.2.3	Land Impacts	4-551
4.10.2.4	Psychological Impacts	4-551
4.10.2.5	Industry and Employment Impacts	4-552
4.10.2.6	Housing and Accommodation Impacts	4-555
4.10.2.7	Social Infrastructure Impacts	4-556
4.10.2.8	Cultural Heritage Impacts	4-558
4.10.2.9	Lifestyle and Amenity Impacts	4-558
4.10.2.10	Transport Infrastructure Impacts	4-558
4.10.2.11	Impact Mitigation and Opportunities	4-561
4.10.2.12	Monitoring and Evaluation	4-572
4.11	HEALTH AND SAFETY	4-575
4.11.1	Description of Environmental Values	4-575
4.11.2	Potential Impacts and Mitigation Measures	4-578
4.11.2.1	Potential Impacts	4-578
4.11.2.2	Mitigation Strategies	4-581
4.12	ECONOMY	4-584
4.12.1	Description of Environmental Values	4-584
4.12.2	Potential Impacts and Mitigation Measures	4-587
4.13	HAZARD AND RISK	4-589
4.13.1	Description of Values	4-589
4.13.2	Potential Impacts and Mitigation Measures	4-590
4.13.2.1	Emergency Management Responses	4-607
4.14	CROSS REFERENCE WITH TERMS OF REFERENCE	4-608
5.0	ENVIRONMENTAL MANAGEMENT PLAN	SEE VOL 3
6.0	COMMITMENTS NOT IN EM PLAN	6-1
7.0	REFERENCES	7-1

LIST OF FIGURES

VOLUME 1 & 2 – Figures

Figure 1.1	Project Location	1-3
Figure 1.2	Local Context of the Project.....	1-4
Figure 1.3	Proposed Project Layout	1-5
Figure 1.4	Surat Basin Resource Operations and Developments (DNRM 2013).....	1-9
Figure 1.5	EIS Process	1-15
Figure 2.1	Early West Surat Link Alignment Options.....	2-7
Figure 2.2	Conceptual Project Layout Options - August 2008.....	2-10
Figure 3.1	Regional Context of the Project.....	3-3
Figure 3.2	Local Context of the Project.....	3-5
Figure 3.3	Cadastre Underlying and Adjacent to the Elimatta Project	3-8
Figure 3.4	Location and Boundaries of the Project Footprint	3-10
Figure 3.5	Indicative track detail in cut.....	3-15
Figure 3.6	Typical section – rail access road located on first bench	3-16
Figure 3.7	Typical section – cut benching profile.....	3-16
Figure 3.8	Indicative track detail in fill	3-17

LIST OF PHOTO PLATES

VOLUME 1 & 2 – Photo Plates

Photo Plate 4.1	Flat landscape with scattered vegetation facing north towards MLA 50254	4-60
Photo Plate 4.2	Tree buffering facing east towards MLA 50254	4-60
Photo Plate 4.3	Pasture land with minimal vegetation facing east, west of MLA 50254	4-61
Photo Plate 4.4	Tree buffering along Goldens Road facing east towards MLA 50270	4-61
Photo Plate 4.5	Ploughed fields provide similar colour contrasts as mining operations. Facing east towards MLA 50270	4-62
Photo Plate 4.6	Open pastures on undulating hills surrounding Perretts Road facing south-west towards the Project site	4-62
Photo Plate 4.7	Tree buffering from Perretts Road facing south-west towards MLA 50270.....	4-63
Photo Plate 4.8	Dense vegetation buffer viewed from Ryals Road facing west towards MLA 50254 and the transport corridor.....	4-63
Photo Plate 4.9	Dense vegetation buffer along Ryals Road facing west towards MLA 50254 and the transport corridor.....	4-64
Photo Plate 4.10	Dense vegetation along Kabunga Road, east of the Project site viewing north towards the proposed West Surat Link	4-64
Photo Plate 4.11	Predominate road side vegetation along Kabunga Road, facing south towards the proposed location of the West Surat Link	4-65
Photo Plate 4.12	Contrasting shades among uneven topography facing south, towards the West Surat Link	4-65
Photo Plate 4.13	Tree buffering and property infrastructure provide compensation as you face north towards the West Surat Link.....	4-66
Photo Plate 4.14	Undulating hills and scattered trees facing south towards the West Surat Link on the Leichhardt Highway	4-66
Photo Plate 4.15	Tree buffering is provided facing east along the West Surat Link	4-67
Photo Plate 4.16	Scattered vegetation facing west along the West Surat Link	4-67
Photo Plate 4.17	Vegetation buffering along Nathan Road, facing south-west towards the end of the West Surat Link	4-68
Photo Plate 4.18	Broken buffer along Nathan Road, facing north towards the eastern portion of the West Surat Link	4-68
Photo Plate 4.19	Existing Condition of Horse Creek and Associated Floodplain Areas.....	4-176
Photo Plate 4.20	Horse Creek.....	4-182
Photo Plate 4.21	Palustrine Wetland (East of MLA 50254)	4-182
Photo Plate 4.22	Southern Shore of the Oxbow Lake and Associated Palustrine Wetland (Rail and Services Corridor)	4-186
Photo Plate 4.23	Blue Gum Riparian Woodland along Nine Mile Creek (RE 11.3.25).....	4-417
Photo Plate 4.24	Blue Gum Riparian Woodland (with Poplar Box) along Horse Creek (RE 11.3.25/11.3.2)	4-419
Photo Plate 4.25	Brigalow Open Forest (RE 11.9.5)	4-421
Photo Plate 4.26	Brigalow Open Forest with associated Poplar Box (RE 11.9.10).....	4-423
Photo Plate 4.27	Poplar Box and Cypress Pine Open Forest (RE 11.10.11)	4-425
Photo Plate 4.28	Blue Gum Palustrine Wetland (RE 11.3.2b)	4-426
Photo Plate 4.29	Non-Remnant Grassland	4-428
Photo Plate 4.30	Brigalow Regrowth within Non-Remnant Grassland	4-428
Photo Plate 4.31	Poplar Box, Silver-leaved Ironbark and Cypress Pine Regrowth	4-430
Photo Plate 4.32	Brigalow Regrowth.....	4-430
Photo Plate 4.33	Red Gum Riparian Woodland along Horse Creek	4-442
Photo Plate 4.34	Poplar Box Woodland with Brigalow / Belah Elements on Undulating Hillslopes.....	4-444
Photo Plate 4.35	Silver-Leaved Ironbark Open Woodland	4-445
Photo Plate 4.36	A Brigalow Dominant Community containing abundant Wilga (<i>Geijera parviflora</i>) and occasional Bottle Tree (<i>Brachychiton rupestris</i>).....	4-447

Photo Plate 4.37	Poplar Box Woodland with Brigalow/Belah Elements on Alluvial Plains	4-448
Photo Plate 4.38	Myall Dominant Woodland Community	4-450
Photo Plate 4.39	Non-Remnant Grassland	4-451
Photo Plate 4.40	Brigalow Regrowth within Non-Remnant Grassland	4-452
Photo Plate 4.41	Echidna (<i>Tachyglossus aculeatus</i>)	4-461
Photo Plate 4.42	Spangled Perch (<i>Leiopotherapon unicolour</i>)	4-473

LIST OF APPENDICES

VOLUME 4 – Appendices A to J

Appendix A	Terms of Reference	A
Appendix B	Development Approvals.....	B
Appendix C	Study Team	C
Appendix D	Standard Criteria.....	D
Appendix E	Consultation Report	E
Appendix F	Research	F
Appendix G	Social Impact Management Plan	G
Appendix H	Social Impact Assessment.....	H
Appendix I	Economic Impact Assessment	I
Appendix J	Northern MLA Flood Study	J

VOLUME 5 – Appendices K to L

Appendix K	Southern MLA Flood Study	K
Appendix L	Horse Creek Diversion Functional Design Report.....	L

VOLUME 6 – Appendices M to O

Appendix M	Water Management Strategy	M
Appendix N	Geochemical Assessment	N
Appendix O	Elimatta Project Soil and Land Suitability Assessment	O

VOLUME 7 – Appendices P to W

Appendix P	Rail and Services Corridor Soil and Land Suitability Assessment	P
Appendix Q	Contaminated Land Assessment.....	Q
Appendix R	Visual Amenity Assessment	R
Appendix S	Transport Impact Assessment.....	S
Appendix T	Transport Impact Assessment Addendum	T
Appendix U	Road Impact Assessment.....	U
Appendix V	Environmental Offset Strategy.....	V
Appendix W	Elimatta Project Aquatic Ecology Assessment.....	W

VOLUME 8 – Appendices X to AH

Appendix X	Rail and Services Corridor Aquatic Ecology Assessment	X
Appendix Y	Groundwater Assessment	Y
Appendix Z	Groundwater Assessment Supplementary Report	Z
Appendix AA	Stygofauna Survey	AA
Appendix AB	Stygofauna Survey and Assessment	AB
Appendix AC	Stygofauna Habitat Assessment	AC
Appendix AD	Elimatta Project Air Quality and Greenhouse Gas Assessment	AD
Appendix AE	West Surat Rail Link Air Quality Assessment	AE
Appendix AF	Greenhouse Gas Management Plan	AF
Appendix AG	Elimatta Project Noise Impact Assessment	AG
Appendix AH	West Surat Link Noise Impact Assessment	AH

VOLUME 9 – Appendices AI to AP

Appendix AI Elimatta Project Terrestrial Flora and Fauna Assessment AI
 Appendix AJ Rail and Services Corridor Terrestrial Flora and Fauna Assessment AJ
 Appendix AK Road Corridor Desktop Ecology AssessmentAK
 Appendix AL Pest and Weed Management Plan..... AL
 Appendix AM Elimatta Project Non-Indigenous Cultural Heritage Assessment AM
 Appendix AN Rail and Services Corridor Non-Indigenous Cultural Heritage AssessmentAN
 Appendix AO Non-Indigenous Cultural Heritage Management Plan AO
 Appendix AP Environmental Risk AssessmentAP
